

In the heart of the Mermaid is the fabulous main stage and auditorium with raked seating, excellent sightlines, full lighting, sound, and audio visual capabilities.

This amazing space is ideal for conference events for up to 600 people.

Utilizing the reveal package allows the main curtains to draw back and the screen to rise. Your delegates will then experience an incredible reception in an area they didn't know existed.

The Mermaid is the only venue in London that has the space and creativity to provide such an opportunity to your delegates.
